Roadwork in Willows on Thursday Night

Willows – The California Department of Transportation (Caltrans) is alerting motorists that on Thursday, April 23, a contractor (Franklin Construction) will be grinding and paving on State Highway 162 just west of Wal-Mart to the Interstate 5 Overpass. The work is necessary in order to repair the roadway.

The work is scheduled to occur between the hours of 5 p.m. and 6 a.m. The southbound offramp from Interstate 5 will be closed. One-way traffic control will be in effect.

Unexpected weather may prolong or cause the work to be rescheduled. Caltrans urges all motorists to use caution in this area and to "Slow for the Cone Zone".
